

REPÚBLICA BOLIVARIANA DE VENEZUELA
Embajada en Bélgica, Luxemburgo y la Unión Europea

Nº 1420 /2013

Brussels, November 28th, 2013.

Mr. Jürgen KLUTE
Member of the European Parliament
Brussels.

Dear MEP:

I have the pleasure of addressing you, on the occasion of greeting you and present our gratitude for your support and solidarity during the years of the Seventh European Parliament, defending the principles of sovereignty, self determination, democracy, human rights and regional integration.

I recall, in particular, your contributions to the debates of the Plenary Sessions, every time the right and extreme rights groups presented resolutions against Venezuela that interfered in our internal affairs, in order to discredit our democratic institutions, just before electoral processes, as well as those in presenting the real political, social and economic situation of Venezuela, especially regarding human rights and freedom of expression and press, that helped in counteracting the international campaign against the Bolivarian Revolution and our democratic political process.

Please extend our gratitude and friendship to the Confederal Group of the European United Left / Nordic Green Left (GUE/NGL) and your staff, particularly Mrs. Viviana Viera.

I take this opportunity to reiterate our appreciation for your friendship and solidarity with the peoples of Venezuelan and their Bolivarian Revolution. I wish you the best of lucks, hoping to maintain and further strengthen the excellent cordial and friendly relations, which so happily exists between you and your political groups in Brussels and Germany, and the Bolivarian Republic of Venezuela.

Without further reference, I take this opportunity to express the assurances of my *highest consideration.*

Antonio García
Embassador
